

Operation Smile Canada Student Programs provides youth with the tools to create global movement for positive change through our four pillars:

- Leadership
- Education
- Service
- Awareness

Operation Smile counts on caring students, parents and educators to bring smiles to children worldwide. From 900 global clubs, to student and adult volunteers on medical missions, our young leaders build awareness, raise funds and educate others.

"It's a pleasure being the student leader of the Operation Smile Club at St. Andrew's College. Club members along with myself think of Operation Smile as a unique learning opportunity. We benefit through helping patients around the world and raising awareness to everyone within our community. It's truly amazing to see how big a difference we can make in people's lives."
— Mike Zhilin Chen, St. Andrews College

WE'D LOVE TO HEAR FROM YOU!

To learn more about how to get involved, visit operationsmile.ca/studentprograms where you can:

- Join or start a club in your school
- Access our S.M.I.L.E. Program
- Download copies of our Club Starter & Club Executive Toolkits
- Start an online fundraising page
- Stay connected through social media
- Access information about ISLC and volunteer on a mission
- Sign up to receive more information about student programs, new opportunities or initiatives and exciting news from Operation Smile Canada!

Still have questions? We're here to help you at ca-students@operationsmile.org

LOVE IS MAKING THEIR PROBLEM YOURS.

STUDENT PROGRAMS

Operation  Smile
Canada

Want to be an Operation Smile student leader?

It's easy to get involved! Join one of our Operation Smile Canada Student Clubs to build awareness, raise funds, and create positive change in a child's life. If there isn't an Operation Smile Club at your school, start your own!

"I believe nothing is more beautiful and powerful than a child's smile. The fact that I can be able to share the gift of smiles by creating an Operation Smile Club at my school makes me very happy. I encourage other students to do the same, as giving is receiving!"

— Mahta Gharaei, Sacred Heart Catholic School.

JOIN A CLUB

S.M.I.L.E Program

We believe in the power of **YOUTH** to make a positive difference in the lives of children born with cleft conditions all over the world. That's why we've created the **S.M.I.L.E. (Student Movement Impacting Lives Everywhere) Program!** Through S.M.I.L.E., we challenge your club to set and achieve your collective awareness and fundraising goals and further your compassion and commitment towards our cause. Along the way your team will gain valuable leadership skills, volunteer hours and experience for your future career aspirations!

S.M.I.L.E. makes it easy for your club to get involved and we are here to support every step of the way!

Leaders wanted!

Each year, Operation Smile hosts ISLC for students and adult chaperones to develop and strengthen leadership skills. Learn how to support the mission of Operation Smile, listen to inspiring guest speakers, engage in team-building challenges and complete a community service project for patients. High School Students ages 15-18, educators and parents from around the world are encouraged to attend ISLC.

"ISLC was a week of curiosity, laughter, excitement, and knowledge. Though we did listen to many incredible speakers, the learning during this conference extended far beyond a typical lecture session; many of the most valuable lessons I learned at ISLC came from interacting with new people and being in foreign situations. The best part of the conference for me was realizing that there are over 400 people from across the globe who are with me in creating change in their community one smile at a time."

— Lynn Zhu, Lisgar Collegiate Institute

INTERNATIONAL STUDENT LEADERSHIP CONFERENCE (ISLC)

MISSION TRAINING WORKSHOP

U-VOICE TRAINING

Are you ready to join a medical mission?

High school students or adults interested in serving as a member of a medical mission student team must first attend ISLC, be actively involved at the local club level, and apply for Mission Training Workshop to learn about their role as healthcare educators. Spaces are limited so start your journey now!

Share our story by sharing yours!

U-Voice students are university 2nd year, 3rd year and 4th year undergraduate students who report from the field on medical missions to capture and share the perspectives of our patients and volunteers. Interested students must first attend the Step Up Symposium followed by U-Voice training.

"Being a U-Voice student allowed me to see first-hand the impact that Operation Smile has around the world. Interviewing the patients and their families allowed me to take a glimpse into their lives, learn their struggles and understand their worries. My eyes were opened and my passions ignited, leaving me forever changed."

— Samantha, Marist College
